MUSICAL INSTRUMENTS—

DECKER BROS. PIANOS.

Kohler & Chase,

The oldest and largest music house on the Pacific Coast. In order to maintain our reputation as the most progressive music dealers on the Coast, we deem it advisable to open a branch store in Los Angeles, in order to give the people of Southern California an opportunity to buy goods at Eastern prices and terms, which is impossible for consignment dealers to do. We have on hand several hundred pianos which will be sold at reduced prices to please the public. Any one having the slightest idea of purchasing will do well to call and see our stock and hear our prices.

SEVERAL GOOD REASONS WHY YOU SHOULD BUY A PIANO FROM—
GARDNER & ZELLNER,
1. We are sole agents for the unrivaled Chickering, Steck, Krell and several other celebrated makes. 2. We carry the largest and best assortment of stock in Southern California. 3. We deal direct with the Eastern manufacturers on a cash basis. 4. We sell on easy payment terms that are virtually the same as rent. 5. We guarantee each piano that is sold, and give you a written receipt to that effect.

THE O.R.T.

Opening Session of the Ninth Annual Con-
vention of the O.R.T. at Denver.

Associated Press Lead—wire Service.

DENVER, May 21.—The ninth annual
convention of the O.R.T. of America
convened in Oakland Hall today, with
several hundred delegates present, one-
third of whom were ladies. There is
considerable feeling among the mem-
bers against Carl Smith of Omaha for
the fight that he is making against
Grand Chief Ramsey, who withdrew the
charter of the Omaha branch a year
ago, for alleged violation of the con-
stitution. On this account a fight is
being made against Ramsey's re-election.
The candidates mentioned for
grand chief are Ramsey, Thomas Mc-
Mahon of Buffalo, N. Y., A. L. Taylor
of Cleveland, A. J. Applegate of Wich-
ita, J. Weatherbee of Vinton, F. E.
Gilland of Omaha and N. W. Zellers of
El Paso, Tex.

A. D. Thurston, grand editor, will
reign to enter the legal profession.
Among those mentioned for the place
are R. W. McGarvie of San Fran-
cisco, J. E. Auster of Toledo and
C. E. Bondy, now associate editor. It
is proposed to create the office of as-
sistant grand chief. T. M. Pierson of
Indianapolis and J. W. Bond of Toledo
are mentioned for the new office.

Mayor Van Horn welcomed the dele-
gates to Denver. Chief Ramsey re-
sponded on behalf of the order. W.
P. Daniels, Mayor of Cedar Rapids,
Iowa, grand secretary of the Order of
Railway Conductors, invited the order
to hold its next convention at Cedar
Rapids.

The following Committee on Creden-
tials was appointed: T. M. Day, Den-
ver, chairman; H. C. Adams, Magna-
lia, W. Va.; S. C. Mahany, St. Louis;
J. G. Beckley, Washington, and George
A. Lissette, Quebec.

STAVING IT OFF.

The Prosecution in No Hurray to Try As-
sassin Prendergast.

Associated Press Lead—wire Service.

CHICAGO, May 21.—The trial of
Prendergast, the assassin of Mayor
Harrison, which was set for trial be-
fore Judge Chetlain today, was con-
tinued until tomorrow. It is stated
that the prosecution will ask for con-
tinuances from time to time until June
4, on which date another judge will
succeed Judge Chetlain in the criminal
branch of the County Judiciary.

By this means the prosecution in-
tends, it is said, to try the case before
another judge, as Chetlain's midnight
sessions of the County Judiciary have
been prejudicial to the prosecution
against him. Should Judge Chetlain re-
fuse a continuance it is probable that
the State Attorney will withdraw from
the case, leaving no prosecutor in court.

By Telegram to The Times.

SAN FRANCISCO, May 21.—(Special
Dispatch.) The Hankow correspondent
of the Shanghai Mercury sends news
of a most disastrous flood which oc-
curred at that place on April 20. The
river Han rose rapidly about midnight,
coming up in the first hour six feet.
The loss of life at Hankow was more
than one hundred, while at points
higher up the stream the fatalities
were far more numerous. The total
deaths number more than five hundred.

About midnight on the date men-
tioned an enormous volume of water
came down the Han, carrying with it
undoubted proofs of the destruction
which must have caused on its way.

In the shape of broken furniture,
planks, beams, wreckage, etc. Very few
junks, of which thousands are moored
in the mouth of the Han, were able to
stand the strain. Most of them broke
loose, crashing into each other. The
crashing of planks and beams, right
and left, the yelling of boatmen, mixed
with the cries of those whose craft
were wrecked, who were struggling in
the water, and who were being crushed
between the wreckage and the disabled
junks, combined to render the scene
of the most indescribable turmoil and
confusion. About eight hundred junks
of various sizes were destroyed, and
many of the watermen lost their lives.

Native reports from four hundred dead
bodies have been washed ashore there
and it is likely that many more will
be found.

THE PENNSYLVANIA FLOODS.

Williamsport in a Pitiable Condition—Millions
of Dollars Damaged.

Associated Press Lead—wire Service.

WILLIAMSPORT (Pa.), May 21.—As
night approaches and darkness settles
down, the terror of the flood increases.
The torrent rushing down from the
hillsides and growing with each pass-
ing minute, assumes new terrors, and
the stricken people look forward with
dread to the ordeal through which they
must pass before morning. Out of
the rest of the world, with no
railroad communication, and with no
avenue of telegraph or telephone com-
munication save the quivering wire over
which this dispatch is speeding, sur-
rounded on every hand by the swiftly
rushing water, the city has already
swept away \$1,000,000 worth of prop-
erty, and may sweep away a million
more, the condition of Williamsport is
indeed pitiable.

With thirty-three feet more water in
its channel than is its normal height, the
North Branch of the Susquehanna
threatens to engulf the town. Every
foot of ground in the city is under
four feet of water, and most of it is
fifteen feet beneath the surface of the
the day grew old, and when the light
was dim, dozens of boats and hundreds
of wagons were brought into requisition
and merchants began to move
their goods to places of safety. It was
seen that every store was in danger
and efforts were made to save all pos-
sible. Household goods were moved to
second and sometimes third stories of
residences, and hasty preparations were
made for a prolonged stay.

At this writing the entire population
of Williamsport is in a condition of ex-
citement and anxiety over the encroach-
ments of the water. The business por-
tion of the city is submerged to a depth
of six feet. Not a train has entered or
left the city for twenty-four hours, and
every river is down. The telegraph of-
fice is four feet under water, and the

telephone exchange is almost as bad.
The only means of reaching the outside
world is one telegraph wire. The water
now seems to be at a standstill, but
there are grave fears that the end is
not yet in sight.

THE WORST OVER.

PHILADELPHIA, May 21.—Advices
from Williamsport are that at 9 o'clock
the water had fallen one foot, and the
danger is thought to be over. At Ren-
ovo the fall is seven feet, and at Lock-
haven three feet.

EARLY MORNING SCENES.

WILLIAMSPORT (Pa.), May 21.—
The river continued to rise during the
night, and nearly the entire business
portion of the city is under water.
There has been no telegraphic com-
munication with Lockhaven since 5
o'clock yesterday when the telegraph
operator was driven from his office by
the flood.

At 1 o'clock this afternoon water had
reached thirty feet above the normal
water mark, or one foot higher than in
the disastrous flood of 1889. The entire
city is still under water from four to twenty-
five feet, and is falling in torrents.
Water is still rising six inches an hour.
All logs at the boom, which broke at 1
o'clock this morning, have been swept
away, as well as many awnings and
houses in the lower part of the city.
Not a telegraph or telephone wire was
working out of the city, with a single
exception, a key, long-distance tele-
phone wire, which was placed at the
disposal of the Associated Press corre-
spondent. While talking to Philadel-
phia was driven out of the office by
a rapid rise of water.

AT BRADFORD.

BUFFALO (N. Y.), May 21.—A special
to the Express from Bradford, Pa.,
says that the flood has subsided, and
the heavy downpour of rain has
ceased.

At Riverside Park, a few miles be-
low the city, the Buffalo, Rochester and
Pittsburgh track has been washed out
for a quarter of a mile.

USERS AND TRACKS COVERED.

NORRISTOWN (Pa.), May 21.—Traffic
on all railroads is suspended, and the
tracks are covered with water. All
the houses on Front street in Bridge-
port are half covered with water and
the inmates are moving out.

THE DELAWARE AND LEHIGH.

EASTON (Pa.), May 21.—The De-
laware and Lehigh rivers are rising rap-
idly. The Lehigh is higher than at
any time since 1889. The people living
along the banks of the latter stream
have been compelled to move all their
possessions to a place of safety. Tonight
500 feet of the wall of the basin of the
Lehigh Coal and Navigation Com-
pany's canal at the mouth of the Le-
high gave way and fell into the water.
The river, and the great body of
water thus let loose caused the Lehigh
to fall fully two feet. Shortly after-
wards it began to rise again, and more
trouble is apprehended.

AT JOHNSTOWN.

JOHNSTOWN (Pa.), May 21.—Johns-
town is experiencing the most disas-
trous flood since the big flood of May
31, 1889. The damage will amount to
at least \$50,000. The Pennsylvania Rail-
road is the heaviest loser. It has been
raiding for three days, and the last
cloudburst occurred near Ebensburg,
swelling the Conemaugh many times its
normal size.

The flood reached this vicinity about
3 o'clock this morning. At South Fork
numerous small buildings were swept
away. Further on, water undermined
the track of the Pennsylvania road,
used by east-bound trains. For almost
two miles East Conemaugh water
beat furiously against the Pennsylva-
nia Railroad roundhouse, and under-
mined the foundations. The engines
were pelted to a place of safety, and
several bridges below the Conemaugh
were badly damaged.

In this city the Oklahoma House,
owned by Peter Seymour, was swept
away. The three-story building, which
Philip Brown was torn from its founda-
tion. The iron bridge was badly
wrecked. Fully \$150,000 damage was
done to property within the city limits.
Between the freight-station and the river
was an artificial embankment, which
gave way, carrying down into the river
about two hundred feet of track and
five loaded cars. In one car were five
tramps, who are said to have been
members of Galvin's army. Two were
drowned. Parties went from house to
house awakening the occupants, and
whistles were blown. The people fled
to the hillsides.

In Woodhill the streets are covered
by water to a depth of six feet, and
some small houses are swept away.
Swank's pottery works caught fire, and
it was impossible for the fire company
to reach the building.

At 1 o'clock this afternoon the river
began to fall rapidly. Three build-
ings were carried away in the central
part of the city. Many others were
badly damaged.

OIL CITY PLANTS INUNDATED.

OIL CITY, Pa., May 21.—The city
is inundated, and basements are
flooded. This is the district that was
wiped out on June 5, 1892, with the
loss of sixty-nine lives.

TRAFFIC STOPPED.

PITTSBURGH, May 21.—The floods
have stopped traffic completely on the
Pennsylvania Railroad at East Greens-
burg, twenty-eight miles from Pitts-
burgh. The tracks are submerged in
four feet of water from Conemaugh
to Binnington, a distance of eighteen
miles, and 150 feet of track, together
with the Conemaugh bridge, has been
washed away. Pending repairs, the
Pennsylvania trains will go over the
Baltimore and Ohio road.

The business portion of Johnstown
is under water, and \$100,000 damage has
been done and two lives lost. For three
days rain descended, there was great
alarm last night when it was reported
that the reservoir at Kittanning Point
had broken. The report proved to be
exaggerated. Four large crocodasses were
dug down the foot of the dam by
waves, probably caused by a cloudburst.

ROWBOATS IN PLACE OF STREET

CARS.

WARREN (Pa.), May 21.—Rowboats
took the place of street cars here to-
day.

Dispatches from many points along
the Allegheny River report great dam-
age to the Pennsylvania Railroad. Streets
are submerged and thousands of dol-
lars' worth of garden truck is ruined.

Adrian Wichel, aged 35, while trying
to rescue a team near Elm, was
drowned. A boy was drowned while
crawling driftwood.

PHILADELPHIA AND VICINITY.

PHILADELPHIA, May 21.—At Man-
ayunk the mills have stopped and wa-
ter is running through the streets. The
suburbs are paddling about in boats.
The water is four feet deep in the
stockyards of West Philadelphia. Boat-
houses and pleasure craft have been
swept away at Fairmount Park.

Associated Press Lead—wire Service.

WASHINGTON, May 21.—Senator
Jones, in behalf of the Democratic ma-
jority of the Senate committee on Fi-
nance, today introduced the commerce
revision changing the rate in para-
graphs 250, 252, 254, 255, 262 and 264.

In paragraph 250, the House classi-
fication is retained and the rates
changed so that the paragraph will
read as follows: Cotton thread, yarn,
and warp yarn, whether single
or advanced beyond the condition of
single by grouping or twisting two or
more single yarns together, whether on
beams or in burlap, skeins or cops, or
in any other form except spool thread,
of cotton, of 20 cents per pound, val-
ued at not exceeding 12 cents per
pound, 20 per cent. ad valorem; val-
ued at over 12 cents per pound, and not
exceeding 20 cents per pound, 30 per
cent. ad valorem; valued at over 20
cents per pound, and not exceeding 30
cents per pound, 35 per cent. ad val-
orem; valued at over 30 cents per pound,
and not exceeding 40 cents per pound,
40 per cent. ad valorem; valued at over
40 cents per pound, 40 per cent. ad val-
orem.

This is a change from the original
House schedule in which the rates in
the schedule at over 12 cents per
pound and not over 20, which in the
original bill was 30 per cent.; in those
valued at over 20 cents per pound and
not over 30, which in the original bill
was 30 per cent., and is now made 35
per cent., and those valued between 30
and 40 cents per pound, which in the
original bill was 35 per cent., is now
made 40 per cent. On the original
Senate revision of the Wilson bill, the
classification was changed and the
rates made specific.

The compromise bill's classification
is retained in paragraph 253, relating
to cotton cloth not bleached, dyed, col-
ored, stained or printed, but changes
are made in the rates of these articles
in a few instances. On those exceeding
3½ yards to the pound the rate of the
original bill was 30 cents per square
yard. And of those exceeding 3½ yards
to the pound, 34 cents, instead of 3½.
The articles in the above paragraph exceed
three yards, and do not exceed one
hundred to the square inch.

On the amendment of Senator Peffer
of Kansas, providing for free iron ore
in the Senate Tariff Bill, the vote re-
sult today—yeas 46, nays 46, and the

People's Party Delegates at Sacramento.

Two Candidates Already in the Field for Governor.

Opium Dens at Salt Lake City—Galt Threatened by an Incendiary—A Missed Woman Found—The Haywards Capture.

Associated Press Lead-wire Service.
SACRAMENTO, May 21.—The People's Party State Convention will assemble in this city tomorrow, and delegates have been gathering here all day. A local committee has met them as they arrived, and is looking after their comfort. There appears to be but two candidates for the nomination for Governor, J. V. Webster of San Luis Obispo and J. L. Gilbert of Fresno.

The latter claims the delegates from the First and Seventh districts. Webster's workers arrived early, and have been laboring to secure his nomination. They claim that he has the fight well in hand already. Webster was a member of the last constitutional convention, and is well known in the agricultural districts. He is president of the State Alliance, and also the president of the National Alliance.

For member of Congress in the First district, W. A. Vann of Ocala, member of the last Assembly, appears to be in the lead.

In the Second district, Cornell of Stockton, appears to have little opposition.

Joseph E. Ball of Shasta, wants the nomination for Railroad Commissioner in the First district, and has not much opposition.

In the Third Railroad district, G. B. Johnson of Santa Clara is likely to be the nominee.

James Foundation of Colusa is talked of for secretary of the convention, and H. A. Mason of Santa Clara and J. N. Barton of Placer are making the fight for chairman.

There are some talk of Gilbert being given the nomination for Congress in the Seventh district, if he will withdraw from the gubernatorial fight.

CALIFORNIA CROPS.

The rainfall in excess of the normal—vegetables benefited.

Associated Press Lead-wire Service.
SACRAMENTO, May 21.—Director Bamwick of the California Weather Service, in his crop bulletin for the week ending today, summarizes the situation as follows:

"The average temperature during the week shows a deficiency over the State, it being deficient 3 deg. at San Francisco and Eureka, 7 deg. at Red Bluff and Sacramento, 6 deg. at Fresno and Los Angeles, and 4 deg. at San Diego. The rainfall in excess of the normal over the entire State.

"This excess in moisture and deficiency in heat has been beneficial to cereals, beans, corn, melons, etc., and has helped somewhat late-sown grain, but large quantities were too far gone to be benefited by the more favorable weather. The rain has no doubt injured, to some extent, the wheat which was left in the fields in an unworked condition, and also injured cherries and strawberries and has retarded the growth and maturing of all early fruits.

The severe frosts, principally the one on May 16, did some damage to beans, corn and vineyards in some and Mendocino counties, but nothing like the damage reported the day following the frost. The crops injured were those on lowlands and swales of the vineyards and fields of tender growth. Take it altogether, the week's weather has been more beneficial than otherwise, although not the kind of weather usual for the season of year. Frosts were later than usual. The latest frost reported in the past twenty years was on May 7, while frosts this season are reported as late as May 17."

FEMALE OPIUM-SMOKERS.

Horrible State of Depravity Disclosed at Salt Lake.

Associated Press Lead-wire Service.
SALT LAKE, May 21.—The horrible condition of Chinese opium-smokers, as it exists in this city was plainly portrayed in the Police Court today, when Fon Gee, the proprietor of a Second-South-street joint, was on trial.

The accused has long been suspected as a conductor of a house where the extract of the poppy plant is smoked by white women. For days and nights the place was under official surveillance. Women came and women went. Evidence accumulated, and early yesterday morning Patrolmen Gillespie, Roberts and Ford raided the house.

The story of the viciousness and utter abandon related by the arresting officers beggars description. Two white women were found lying in the floor, completely under the influence of the drug, and almost in a nude state. With Fon Gee they were taken to the City Jail. The Chinese man was charged with maintaining an opium joint and the women as being resorters.

Fon Gee's case was concluded before Justice Smith this afternoon. Fon declared that he was innocent. The defendant was sent to jail for fifty days.

NOT THE MAN.

Release of James Kelly, Who Was Arrested as a Stage Robber.

Associated Press Lead-wire Service.
STOCKTON, May 21.—James Kelly, the raw-boned toughabout, who was picked up in San Francisco on Saturday by an employee of the Wells-Fargo Company, named Miles, as answering the description of the robber who is wanted for a recent robbery of the Angels' stage, was turned loose at Milton today, and given a return ticket to San Francisco.

Kelly was taken to Milton by an arresting officer, and was there met by a man who can positively identify the robber. As soon as the witness saw Kelly he said that he was the robber, and Miles at once removed the handcuffs and gave Kelly a return ticket.

A number of people in Milton recognized Kelly as a peddler of knives, who struck the town a few weeks ago, on his return from Angola, and he recognized a good many in the crowd that was around him. Fred Wason, the stage-driver, thought Kelly was too large for the stage-robber. Kelly took the return train for San Francisco and Miles went to Angola.

AN INCENDIARY'S PURPOSE.
A Letter Received by Citizens of Galt Which Threatens the Town.

SACRAMENTO, May 21.—The Evening Bee's Galt correspondent writes that since the two incendiary fires in that town last week a letter has been received through the postoffice from the torch-wielder, addressed to Galt citizens, in which he threatens to complete the dastardly work he has mapped out.

As a result the town is guarded by a dozen citizens, who have made up their minds to place no expense on the county if he is caught. Sheriff O'Neill is there today, investigating the matter.

A DECISION REVERSED.

A Chinese Merchant's Name Need Not Appear on the List of the United States Circuit Court of Appeals today reversed Judge Morrow's recent decision defining what constitutes a Chinese merchant. In the case of Lee Kim, petitioner. The court holds in effect that the facts show Lee Kim to be a merchant, and that it is not necessary that his name be embodied in the firm name to establish his character as a merchant. It is ordered that the petitioner be discharged.

The decision virtually nullifies Atty.-Gen. Olney's recent interpretation of sec. 2 of the McCarray act, upon which Judge Morrow's decision was based.

FIGHTING OUTLAWS.

A Red-hot Battle With Two Reputed Outlaws.

Associated Press Lead-wire Service.
BEL RENO (Mont.), May 21.—Two men, supposed to be members of the Dalton gang of train-robbers, passed through Bel Reno today, traveling eastward. The Sheriff telegraphed to the little town of Yukon to intercept and arrest them. A posse was quickly organized, and when the train-robbers made their appearance, they were attacked. The defense was quite as hot as the attack, and a running fight ensued. One Farish was shot in the groin. He is not expected to live. The bullet passed entirely through him. An old named Nelson was shot in the forehead, but not dangerously. A number of other persons were wounded more or less severely during the skirmish, among them a man named Snyder, who was shot in the face, and will die.

One of the robbers was shot under his horse and captured, but resisted to the last, and several of his captors were injured. The posse on the head where he struck them with his six-shooter. The other robber escaped, but is supposed to have been hit two or three times. One bullet taking away a portion of his eyelid and one striking him in the head. The one captured is not known here. The robber who captured Nelson was shot in the forehead, but not dangerously. A number of other persons were wounded more or less severely during the skirmish, among them a man named Snyder, who was shot in the face, and will die.

GRAVESSEND, May 21.—In spite of rain, and the gale which was blowing from the north-east, at least five thousand people were at the track today. The track was sloppy, but it was hard underneath.

There was but one stake race on the card, the Standard, and although several racers were on the programme, all but two declined. On the strength of his good race in the Brooklyn Handicap, Henry of Navarre was a strong favorite, and Don Alonzo ran almost friendless. Don Alonzo ran all the way with his mouth open, and when they came into the stretch the three-year-old was carried out so far that he had no chance whatever. Don Alonzo won easily under a strong pull.

Five furlongs: Golden Rod won, Kallihers second, Roundelay third; time 1:04.

One mile and a furlong: George Beck won, Marshall second, Prince Klamath third; time 1:59.

One mile: Little Mat won, Hartford second, Galloping King third; time 1:44.

One mile and a furlong: Don Alonzo won, Henry of Navarre second; time 1:58.

Five furlongs: Second Atlantic won, Glad second, Cherry Blossom third; time 1:04.

Six furlongs: Lizetta won, Factotum second, Sandown third; time 1:37.

THE LOUISVILLE TRACK.

Five Races Run in a Sea of Mud—The Merchants' Race.

Associated Press Lead-wire Service.
LOUISVILLE, May 21.—The track was slow and a sea of mud. There were only five races on the card, the principal event being the Merchants' Handicap, for three-year-olds and upwards, distance one and one-sixteenth miles, in which J. P. B., an outsider with nine hundred pounds, got off in the lead and was never headed, winning as he pleased. The race was worth \$1000 to the winner.

Four and one-half furlongs: Voland won, Detective second, Bookie third; time 1:19.

Three-quarters of a mile: Cyclone won, Imp. Damask second, Sister Anita third; time 1:19.

Merchants' Handicap for three-year-olds and upwards: J. P. B. won, Santa Anita second, King Lee third; time 1:54.

Five furlongs: Myrtle won, Buck Fly second, Hazel third; time 1:06.

MILLER AND MARTINEZ.

The Latter Will Duplicate the Former's Feat.

Associated Press Lead-wire Service.
SAN FRANCISCO, May 21.—Augustine Martinez, an amateur strong man, succumbed in a contest tonight, at Metropolitan Hall, with Sebastian Miller, a professional wrestler. The contest went on under heavy dumb-bells marked 200 and 350 pounds weight.

The real tussle for supremacy, however, laid in the raising of a platform loaded with pig-iron, variously estimated to weigh between hundred to thirty-five hundred pounds. Miller crouched under the heavily-weighted frame and raised it perceptibly. Martinez failed to move the load. There were ten contests, of which seven were won by Miller.

CORBETT'S OFFER.

SIX SLAUGHTERED.

The Barcelona Anarchists Executed by the Government Troops.

BARCELONA, May 21.—(By Atlantic Cable.) Codina, Cerezuola, Sogas, Bernat, Villabona and Mir, Anarchists, were executed at 10 o'clock this morning outside the Citadel of Montjuich. Sogas and Cerezuola joined in the prayers of the priests, but their companions shouted revolutionary cries.

The Anarchists were placed in line with their faces to the wall of the citadel. At the first volley four of the troops only four of the convicts fell dead. A second volley was necessary to kill Sogas and Codina.

NO RALLY.

The Uniontown Strikers are Disheartened.

The Coke Regions are Apparently Through With Their Disturbances—Ohio Carpenters and Mill Hands Out—Railroad Coal Operators.

UNIONTOWN (Pa.), May 21.—Strikers made no rally today in spite of the storm, but the effort was a failure. They seem to have given up the fight. All plants are running with increased forces.

IN THE PITTSBURGH DISTRICT.

PITTSBURGH, May 21.—A meeting of the railroad coal operators of Pittsburgh and Ohio operators is in session here to decide upon a mining rate. It is probable that a 60 rate will be adopted for the Pittsburgh district and 60 for Ohio. If the miners refuse to accept the terms an attempt will be made to operate the mines with non-union men.

OHIO CARPENTERS AND MILLHANDS.

CINCINNATI, May 21.—All carpenters and millhands of Cincinnati, Covington and Newport have been ordered to leave the country for exportation. After having been shown terms refused to pay \$2.50 for eight hours or \$3 for nine hours, with an hour less on Saturday. Nearly 500 men are affected.

BLUEFIELDS.

Reports from Minister Baker and Capt. W. A. Watson.

WASHINGTON, May 21.—Adm. Secretary McAdoo has received a letter from Capt. Watson, commanding the U.S.S. San Francisco, dated at Bluefields, May 10, relating an account of the various interviews Capt. Watson had with the warships at Bluefields, and announcing the departure for Managua of the Nicaraguan Foreign Secretary and of Terrez, who was appointed Governor of Rama, to succeed Argueta.

Terrez was requested to report at the Capitol to answer a charge that he had sheltered the murderer instead of prosecuting him. The text of the letter to the latter announces the opinion that he will not be captured. Watson says that the latter is quiet at Bluefields. He took United States Consul Brada on May 10 and sailed away for the latter's post, Greytown.

Bluefields is a small town on the coast. Capt. Wilson and the commander of the Bluefields and the commander of the British warship Magdalen, is denied by the Minister.

CONGRESSIONAL INVESTIGATION.

WASHINGTON, May 21.—The proposed Congressional investigation of the Carnegie armor-plate frauds will be reported favorably by Representative Outwater of Illinois tomorrow. The committee will recommend that the House Naval Committee proceed with the investigation instead of postponing it until the next session.

The committee will expedite the matter, as the resolution will not have to go to the Senate for conference. It will not be opposed by the House Naval Committee.

The report on the armor-plate investigation tonight. It is brief and to the point. It directs the Naval Committee to proceed immediately with the investigation. It is to cover all the work done by the Carnegie Company since its government contracts began. There is no attack made on the Carnegie company for the use of the committee in procuring armor-plate.

Power is given to summon witnesses, administer oaths and secure the production of books and papers.

Editors and Grand Jurors.

CHICAGO, May 21.—The special grand jury investigating alleged election frauds has taken steps to prevent the publication of secret jury-room proceedings. A formal complaint charging unknown parties with having divulged the secrets was made by one of the grand jurors today, and on that complaint the grand jury ordered the Post and Tribune and the reporters of these papers, who have been assigned to report the grand jury, were summoned to appear before the grand jury to answer the question whether communications made to the press are privileged.

Imported Laplanders.

WASHINGTON, May 21.—Seventeen Laplanders, en route to Alaska, leave Madison, Wis., today for San Francisco, where they take a chartered vessel for Port Clarence, Alaska, which place they expect to reach on June 30. The head of the party is William A. Kjeaman, new superintendent of the Port Clarence station, who made a contract with the very poor Laplanders to manage herds of reindeer from Siberia.

HORRIBLE BUTCHERY.

A Corean Traitor's Corpse Mutilated.

Kim Ok-Kum's Assassin to Be Honored.

The King Seeks to Kill All Rebels of 1884.

Protests of Foreigners at Seoul are Disregarded—Fire in the Anhu Province, China—A Birthday Celebration.

By Telegraph to The Times.
SAN FRANCISCO, May 21.—(Special Dispatch.) Correspondence from Seoul, under date of April 21, published in the columns of Japanese metropolitan papers, contains a minute account of the circumstances attending the mutilation of Kim Ok-Kum's corpse. It is alleged that the Corean government was originally divided into two unequal parties with reference to the treatment of the body, the more powerful, namely, the Ming section, insisting on the infliction of most signal indignities, to which the remainder of a traitor could be subjected, while the other, headed by Kim Kowu, and sympathized with by Mr. Greathouse and the foreign employees generally, strongly objected to such a course. All foreign representatives opposed the mutilation of the corpse, and an appeal was sent to the Corean government, but it was too late mutilation having been effected on the preceding evening.

The following details are given as to the way in which the body was dissected: The corpse was laid flat on the ground, face downward, the head and four limbs being supported on blocks of wood, to facilitate the process of cutting them off. The head was first severed from the trunk by sawing. The right hand was then cut off at the wrist, while the left arm was severed midway between wrist and elbow. The feet were chopped off at the ankles, and last of all, the back of the trunk was hacked at regular intervals, with three lateral cuts, seven inches long and one inch deep. The head was suspended from a tripod made of old bamboo sticks, tied together with rough straw ropes, and the hands and feet joined in a bundle, were hung by the side of the head, the trunk, with three lateral cuts, being left on the ground, just as it had been placed for mutilation. The body was displayed in public two days, and was then thrown into the river. The head, hands and feet were then salted and sent to different parts of the country for exhibition. After having been shown in all parts of the little peninsula, the ghastly fragments of Kim will be laid to the cultures.

At the time of writing, Hong Tiyong, the assassin, is said to be still staying at the house of his patron Chul. He had not yet been received in audience by the King, because, having made the voyage to Corea in company of a dead body, his person must undergo certain rites of purification before he appears in the royal presence. But it is confidently expected that his attendance at the palace will be ordered by the King as soon as the question of his official appointment shall have been settled. Just what his reward will be is not known, but it is certain that he will receive some government place.

The assassin is said to be the most popular person in Seoul. He is surrounded continually by a crowd of admirers.

In spite of all this, Hong Tiyong is unhappy. It is reported that the spirit of his victim troubles his mind. He cannot endure solitude, and at night several times sleeps in his room, lest the ghost of his victim should appear. It is more than possible that this fearfulness is due rather to a belief that his own life may be in danger from friends of the man he so cruelly killed in Shanghai. The Corean official paper of April 14 contains a memorial to His Majesty advising the speedy death of all rebels of 1884. In the same paper appears an answer by the King, in which he approves of the advice. This is taken to mean that the world will soon hear of more horrible executions.

A NEW REPUBLIC.

Plans of the Hawaiian Lawmakers.

A New Constitution Ready for Submission.

It is Partly Patterned After That of This Country.

President Dole and the Present Ministry May Continue to Hold Office—A Japanese Imbroglio.

Associated Press Leased-Wire Service.

HONOLULU, May 15.—(Associated Press Correspondence, wired from San Francisco, May 21.) The constitutional convention, the members of which were elected on May 3, will meet on May 30. The new constitution as drawn up by the present Executive Council will be presented to the convention for its approval, and such improvements as may be considered necessary. This constitution has been kept from the public and will not be made known until the convention meets. The Associated Press correspondent has been able to obtain a copy of portions of it, however.

The new government is to be called the Republic of Hawaii. The executive power will be vested in the president. The executive council will consist of five members, instead of four as at present, a minister of health and education being added. The upper house will consist of fifteen senators. At the first election, they will be elected in three classes of five each, who will serve until the next election, two years hence, when the terms of senators of the third class will expire, and their places be filled by five members who will serve six years. At the third election, in two years more, the terms of those of the second class will expire, and five others will be elected to fill their places. This will also be the case with the senators of the first class. Thereafter five senators will be elected at each election. The qualifications of a senator will be that he shall be 30 years old, shall be able to read and write the English language, shall have resided in the islands three years, shall own property of not less than \$5000 in value, and shall have an income of \$200 a year.

The assembly, or lower house, is to consist of fifteen members, six from the island of Oahu and three each from Hawaii, Maui and Kauai. They will serve for two years only. A member of the assembly must be a citizen of Hawaii or a citizen of any country which has treaty relations with Hawaii, and have resided in the islands for at least one year. He must be able to read and write the English or Hawaiian language, except in the case of those who voted in the recent election, to whom this requirement does not apply.

Meetings of the legislature are to be held every two years. The first session will be held at such time as the present executive and advisory councils shall appoint, probably to some time in September next. Each session is limited to ninety days, and neither house can adjourn for more than two days without the consent of the other. The president will have the power of veto, which can be overruled by a two-thirds vote of both houses. It is

the present intention to have President Dole reappointed for a term of years, probably six, after which he will be filled at regular elections. It is more than likely, also, that the present ministers will be retained for a few years, as their appointment rests with the president.

The new constitution can be amended or revised in the ordinary way, but it is expressly stipulated that no amendment containing a proposition for the establishment of a monarchical form of government shall be presented. Members of both houses are to receive \$400 for each session.

About 3750 votes were cast at the recent elections. There was very little opposition on any of the islands. The claim is now made that when the republic is declared, the natives will make the long-looked-for uprising. The royalist leaders say that they are only restrained by the expressed wish of the ex-Queen, who still has great faith in the United States. She is said to have asked many of her followers to register, in order to avoid losing their positions. The report that the Ranger was coming here has again put hopes of speedy restoration in the royalist hearts. They say that Admiral Walker was sent here for the express purpose of assisting the Queen back to the throne, and that his supposed mission in regard to Pearl Harbor is merely a bluff to lead the natives on. Soundings at Pearl Harbor are still being made and a depth of thirty-one feet has been reached and nothing but sand and coral is being struck. From present indications, he continued about a week longer.

There has been considerable talk recently of number of army and navy lists having enlisted in the army, ready to help the ex-Queen's cause in case of a revolution. That there are very few, if any, such cases, is fully believed by the government, as the troops have been considerably reduced and only the best-known and most trusted men are kept in the service. The steamer Gaelic arrived yesterday from Japan with R. W. Irwin, the Hawaiian minister resident at Tokyo, on board. He returned rather unexpectedly, and is supposed to have brought certain messages from the Japanese government in regard to the matter of granting the franchise to subjects of the Mikado in Hawaii. It is understood that in the event of a franchise being refused to the Japanese, their government intends to cut off all relations with Hawaii and to recall all Japanese now in the islands. If this is so, it will be a serious thing for the planters as the present number of contract laborers is largely made up of Japanese and it would be next to impossible to replace them in less than a year. Irwin is reticent on the subject, but it is known that he was the bearer of several important dispatches to the government, and a special meeting of the councils was held yesterday to discuss the matter.

TIRING OF WAR.

The Lines Will Soon Reach an Agreement.

Suing Roads for Reducing Freight Rates.

California Stock Cattle are Going to Kansas.

Another Patent Car Coupler in the Field—Railroads Suffering a Coal Famine—General, Local and Personal Railroad News.

The temporary truce between the Southern Pacific and Santa Fe roads, agreed upon for the purpose of perfecting an agreement for restoring and maintaining passenger rates between California and the Missouri River, expired by limitation on May 15, but by the request of the former the time was extended to June 1. It will be remembered that owing to disagreements between the two roads the Santa Fe cut the passenger rates to a figure so low that the Southern Pacific could not meet them. The latter road, tiring of the unprofitable war, conceded all the demands of its rival to bring about a cessation of hostilities until the presidents of the respective roads could get together and make a permanent agreement. The fact that the time is extended to a date so close at hand, indicates that the roads will probably make the agreement and rates be kept up. It is thought that such a result will almost certainly bring about a new transcontinental association to act in harmony with the Western Passenger Association. To secure the membership of the Canadian Pacific it would have to recognize the differentials demanded by that road. All lines are so heavily sick of fighting, however, that the differentials will probably be recognized rather than fight out a new differential rate war.

A NOVELTY IN LAWSUITS.
Some queer things frequently happen in railroading, but the latest is the fact that numberless Colorado shippers are preparing to sue Western roads for damages on account of the present reduction in rates. The Denver Freight Bureau, an organization of shippers, has entered a suit on behalf of a number of Denver merchants. The argument will be based on the discrimination caused by the reductions. The merchants who were forehanded in laying in their stocks of goods, are now at the mercy of competitors who are receiving goods on the present basis of rates. A good authority claims this amounts to a discrimination in rates of \$1,200,000, which Colorado merchants could have saved by using present rates. The decisions will become historical.

STILL ANOTHER COUPLER.
(San Diego Union, 21st.) William Dunlap, a carpenter who keeps a shop on A, near Fourth street, received letters patent last month on a remarkably ingenious car-coupling invention. It received an extensive notice in the Scientific American, and was greatly admired by inventors and railroad men in the East. The master mechanic of the New York Central road, who examined the invention, declared that it was superior to a car-coupling device which had lately been put in use on their road at an expense of \$2,000,000. Evidently appreciating Mr. Dunlap's inventive genius, the management of the Central road placed a model of the vertical-plane coupler recently accepted by the company, with the statement that if he could improve upon it in any manner the company would purchase it. The coupler just patented by Mr. Dunlap will probably net him a handsome sum. The president of the Association of American Inventors, who is at the head also of a manufacturing establishment in Philadelphia, was so pleased with the coupler that he made a proposition to Mr. Dunlap to allow the association to finance a company to handle the device, the capital stock to be \$300,000. The proposition has been accepted by Mr. Dunlap, who, in the event of the company being organized, will receive \$75,000 in cash and \$74,500 in stock.

SHIPPING CATTLE EASTWARD.
The lack of rain and consequent scarcity of hay and failure of grazing ranges has created a new freight traffic for this end of the Santa Fe system. Yesterday two trainloads, twenty-four cars, of cattle were started eastward by the Santa Fe, destined to Kansas, where feed for stock is available. One trainload of the stock came from near Santa Barbara and the other from various sections of Southern California. It is expected that at least half a dozen more such trains will be dispatched. To permit the movement of the live stock to grazing lands nearer market the Santa Fe made a reduction of 30 per cent. in the rate.

THE PASSENGER LINES.
CHICAGO, May 21.—The meeting of the Western Passenger Association, which was to be held tomorrow, is off for an indefinite period. The action of the Union Pacific in demanding that the association leave out the question that all east-bound business which the Union Pacific receive through the same agencies as it handles, has bound emigrant business from its rock on which the split is likely to come. The Association has said it will agree to the proposition of the Union Pacific if a like privilege is extended, and, pending a vote on the question, the association meeting was adjourned to enable the recording of the votes of the absentees.

The meeting of the presidents of the Western lines will be held Wednesday, to settle, as far as possible, the troubles in Western freight rates; and, if the passenger troubles are not over by that time, it is extremely probable they will take a hand also.

SCRAP HEAP.
Denver lines have let the contract for a new \$100,000 union depot. E. B. Stewart, agent for the Santa Fe at Riverside, visited Los Angeles headquarters yesterday.

Some person is constantly circulating the report that the Baltimore and Ohio is preparing to extend its lines to the Missouri. Nothing is more certain in the railroad world than that no Eastern or Western road will extend into the territory of the other.

Railroads of the United States barely average seven days' supply of soft coal. Many roads have already begun changing fireboxes on their locomotives with a view of burning hard coal. New York, Pennsylvania and New England roads are pinched the hardest by the miners' strike.

Arrivals at the County Jail.
E. M. Ewing was brought up from Santa Monica yesterday by Constable Myers and lodged in the County Jail to await trial before Justice Twichell upon the charge of indecent exposure, and Frank Blain and D. C. Schaffer of Whittier were brought in by Constable Hamilton to await examination upon the charge of assisting two girls to escape from the Whittier State School.

ATTEMPTED SUICIDE.

A Despondent Rancher Swallows an Ounce of Aconite.

Yesterday afternoon a man named W. T. Hoke, about 40 years of age, attempted to commit suicide by taking aconite, but his nerve failed him before it was too late, and he summoned assistance. A physician was called, the man was pumped out, and last evening he was resting easily and apparently on the road to recovery. Hoke, who is a rancher living near The Palms, yesterday morning came into the city and engaged room 14 at the Hafen lodging-house, at the corner of Requena and Wilmington streets, going to it at once. He was seen about the house several times during the day and walked up and down the street a number of times. He again retired to the room, later in the afternoon, and nothing more was seen of him until about 6 o'clock, when he called out that he was very sick and asked for some one to hunt up an Odd Fellow. The Relief Committee of the order was notified, and several of the members at once went to the house where Hoke was. The man was suffering from the effects of aconite poisoning, taken with suicidal intent. On one of his cuffs he had written a message in pencil asking that his watch be given to one of his sons and his rifle to the other, as he had evidently made up his mind to die. Under the ministrations of the physician, and the effective work of the stomach pump, Hoke rapidly recovered from the effects of the poison. He said that he had taken an ounce of aconite, but repented of his act, and wanted to live. He declined to give any reason for wishing to end his life, but it is supposed to be domestic troubles.

Hoke is a member of the Pico Heights Lodge, I.O.O.F., and the East Los Angeles Encampment. He lives on his ranch with his wife and two sons. **WANTED AT SANTA ANA.**
SANTA ANA, May 21.—(Special.) Benton Flood called at the Times branch office this evening to say that a man named Tom Hoke of The Palms, who had come to his ranch out on the mesa between this city and Newport, to work, very mysteriously disappeared Sunday afternoon, since which time nothing has been heard of him. He left Flood's house about 3 o'clock in the afternoon, saying that he was going out to look over the ranch. He is a large man, about six feet high, weighs 195 pounds, wears sandy mustache and dark clothes. It is believed that he has either been foully dealt with or has wandered off and got lost on the mesa. He has left his trunk, a rifle and several other articles at Flood's home.

CONFUSION OF TONGUES.

The Difficulties Two Brothers are Trying to Overcome.

(San Diego Union, Monday.) Two little brothers aged 11 and 7 years, named Ulrich, living on University Heights, are trying to become acquainted with each other, but they find it hard work, as the elder speaks only German and the younger only English. This state of affairs was explained by the elder, Wilhelm, to a reporter who happened to notice the boys' gesticulating. Wilhelm said he was left at home in Schleswig-Holstein when he was 2 years old, his parents coming to the United States. He lived with his aunt and never learned anything but Platt-Deutsch. His little brother, Franz, was born in the United States, and learned English, his parents speaking English in his presence in order to make a good American citizen of him. A few weeks ago the parents, though very poor, sent most of their savings to the old home, and wrote to the aunt to send the boy to San Francisco, where the mother was working. The aunt secured the services of some good friend speaking English and he made a sign on a square placard reading as follows: "Please see the boy safely through to San Francisco." This was tied around the boy's neck, and the little fellow started alone on his journey of over 600 miles. He reached San Francisco without a mishap, not even being hungry or thirsty. Everybody, he said, read the card and offered him things to eat and on the way out he learned such words as "ticket," "dinner" and "you bet." At San Francisco he stepped off the train into his mother's arms. As quickly as she could she came to San Diego, arriving last Sunday night, when there was a joyful reunion. Then it was that Wilhelm first saw his young American brother, and was surprised that he could not understand him. Wilhelm is making great strides in English, however, and in a month or two will be able to say whatever he likes. He has already entered the public school, and has the making of a sturdy American citizen.

A GROSS OUTRAGE.

A Respectable Young Woman Arrested on a Charge of Vagrancy.

On Monday last, May 14, Nicole Maraguni, a night watchman, and until recently a deputy under Constable Rogers, swore to a complaint in the Police Court, charging "Jane Doe" with the crime of vagrancy. A warrant was accordingly issued by Justice Seaman, which was placed in the hands of Officer Mersch for service. On Saturday evening last, while walking along the street, Maraguni pointed out a young woman to Mersch as the person for whom the warrant was issued, and Mersch accordingly placed her under arrest and took her to the station, where she was booked as a vagrant. The young woman demurred and insisted that there must be some mistake about the matter, but the clerk in charge, having no alternative under the circumstances, detained her until some of her friends secured her release from custody on bail. Yesterday afternoon the young woman, whose name is Miss Anna Linck, appeared in court with her father, who was naturally very indignant over the arrest of his daughter upon such a charge, and Justice Seaman, upon investigation, immediately discharged her, it being self-evident that the officer had made a mistake.

As Mr. Linck is determined to obtain reparation for the slur cast upon his daughter, it is not improbable that Mersch will have to explain his error to the Board of Police Commissioners, and that a suit for damages will be instituted against the authorities.

inch, or \$236,050 a year, with which remaining \$250,000 of city bonds be redeemed. By this co-operative bond, Judge Puterbaugh thinks the might accomplish the enterprise out leasing bonds, using the irrigation bonds alone.

\$5 an acre the interest cost for the ten years would be 30 cents an acre, and for the second ten years the cost would be increased for repletion purposes an average of 10 cents, or 50 cents an acre, a total of 10 cents, plus 30 cents, or 80 cents an acre. This represents the cost of letting the water into the distributing reservoirs. It yet remains to get it to these reservoirs to the edge of the irrigation districts.

to deliver the water from the distributing reservoirs to the edge of the irrigation districts would cost from 1 cent to an estimated maximum of 10 cents, or 20 cents an acre, depending on the distance from the reservoirs to the several districts. In the case of those close at hand the expense would be a few cents an acre, while, at the maximum figure of 35 an acre, for 50 cents an acre for ten years, the total cost of the first ten years would be 30 cents an acre, and for the second ten years, plus 50 cents an acre (the cost of letting the water from the distributing reservoir to the edge of the districts) a total of 80 cents an acre, for the second ten years \$1,600, it will be understood, are Judge Puterbaugh's figures, on irrigation districts.

the watershed of this proposed system would have an elevation of 2615 feet, and would embrace the country around the ranch. The watershed of the San Diego Plume Company contains 12 square miles; of the Bear Valley, San Bernardino county, 74 square miles. The main reservoir of the proposed system would have an elevation of 2615 feet, and, with a dam 130 feet high, a capacity of 132,000,000 gallons.

the line of the main ditch there be two abrupt falls, one of over 100 feet and one of over 700 feet, where an estimated 60,000 electric horsepower could be developed. Pomona and Bernardino are lighted by electricity generated by water power at San Diego and Niagara Falls 100,000 horsepower is distant from the latter place, and as far as the falls in question from San Diego. The Pamo reservoir and dam has been developed at a cost of \$1,000,000.

the nearest irrigation district to San Bernardino is Linda Vista, which is the city on the north. This district was organized some two years ago but has not been able to sell its \$60,000 bond issued. It traded \$10,000 of them for the Pamo reservoir and site, and now offers the city \$600,000 in bonds and the Pamo site for 2000 acres of water. Under the proposed system this district would get 4200 inches of water.

condondo has contracted to develop 1000 inches at a cost of \$175,000. Under the proposed plan it would get this quantity for \$50,000.

landside offers \$250 an inch and \$25,000 rental for 1000 inches. Under the proposed plan it would get it for \$25,000, saving \$200,000 on first cost, \$12,000 a year interest, and \$20,000 in yearly rental. The San Diego Plume Company gets \$600 an inch and \$60 a year rental. The rental is 6 per cent, making the total cost to consumers \$1600 to \$1800 an inch or \$160 to \$180 an acre.

San Diego Land and Town Company sells land with water on it for \$350 an acre and charges \$3.50 an acre a year rental. Unwatered land adjoining sells for \$50 an acre and this is the cost of water \$200 to \$300 an acre. The rental is 6 per cent, on \$500 an acre. At the rate of an inch to ten feet this makes the total cost of water to \$3000 an inch, or \$140 to \$240 an acre for water.

could probably require very little extra work to put Judge Puterbaugh's scheme in motion, as the San Rey Company had extensive surveys and maps made and did considerable work on the diverting dam and the ditch. His scheme figures out beautifully on paper. Whether it would

figure out as satisfactorily on the ground could only be ascertained by experiment and an experiment on such proportions would be expensive.

A Reception Tendered to the Northern Delegates.

The Visitors Greeted by a Large Number of People at the First Presbyterian Church—Interesting Exercises.

A reception was tendered in the First Presbyterian Church last evening to the Northern delegates to the recent convention of the Christian Endeavor Society held at Riverside. The church was crowded.

The exercises were opened by Thomas Southwick, president of the city union, who made a few remarks, and then introduced E. B. Hayes, State president of the Christian Endeavor society, who presided.

Praise service followed, led by W. G. Wiley. The various Northern delegates were presented, and made short addresses regarding the enthusiasm and work at the Riverside convention.

Those who spoke were Theodore Wright, San Jose; Frank Leach, San Francisco, State secretary; Arthur Arlett, Oakland; Mr. Patterson, San Francisco; D. S. McClellan, San Diego; Warren M. Poorman, San Francisco; Misses Bathwick, Stevens, Simons and Ball, San Jose; Miss Arnold, Alameda; Misses Boyce and Plummer. Miss Ethel Graham sang "Ave Maria" most agreeably.

Rev. Burt Estes Howard was introduced.

"I want to say," he said, "a few plain words to you. It is mighty easy to get enthusiasm. It is mighty easy to lose it. The great point for us to consider is this: As you go back to Riverside, but what we are going to do when we get back into the old conditions, with their old tasks and problems and difficulties. We have been singing 'There's sunshine in my soul today.' It isn't sunshine we want but fire. Not a spiritual spasm, but spiritual steadfastness. As you go back do not seek great things to do, but be ready to take up the petty, uninviting duties, ready to do anything the Master wishes."

Mr. Howard preached the annual sermon before the convention at Riverside last Sunday.

Mr. Poorman next spoke briefly regarding the publication of a stenographic report of the proceedings at the convention. The audience then sang "God be with you till we meet again," followed by prayer by Mr. Hayes.

The benediction of the society was then pronounced in chorus. An informal reception followed.

UNABLE TO IDENTIFY.

Would Not Arrest Him Until Convicted

Deputy Sheriff Hawkins of Yuerka, Cal., arrived here yesterday with a warrant for the arrest on an indictment of J. C. W. Bidwell, ex-president of the bank, who had been traced to this city.

Bidwell, since his flight, has been eating all his meals at the Royal Bakery, No. 118 South Spring street, and the clean, wholesome food he had partaken of there had so materially improved his looks and changed his appearance that the Sheriff emphatically refused to arrest him until he had further proof of his identification. Until the proof arrives the Sheriff has decided to take his meals also at the Royal Bakery, as the prices are lower than any restaurant in town, and everything served of the best.

NEWS AND BUSINESS.

The Weather.
U. S. Weather Bureau, Los Angeles, May 21—At 5 o'clock a.m. the barometer registered 30.00; at 5 p.m. 30.00. Thermometer for the corresponding hours showed 80 deg. and 59 deg. Maximum temperature, 70 deg.; minimum temperature, 48 deg. Character of weather, cloudy. Barometer reduced to sea level.

The reasons why C. D. Howry is so successful as a funeral director, he believes that what is worth doing at all is worth doing well. That is why he has fitted up his new establishment so beautifully. Then he understands his business, both in the care of remains and the conducting of funerals. And last, but by no means least, he buys his goods in cash, for cash, thereby getting the most liberal discounts and low rates in freights, thus enabling him to make the lowest possible prices for his goods and services.

Los Angeles, May 19, 1894. It gives me the greatest pleasure to state that F. M. Andrews has done some of the most excellent work upon the most excellent grand piano, used during my present concert tour, that I have ever experienced. His work in regulating the action, voicing the hammers and tuning, as well as the quality of the tone, is of the very best quality. William H. Edwards, Chicago, Ill., has been in Los Angeles and will make Los Angeles his future home, and is at present with Gardner & Zeller.

El Perkins, the world-renowned humorist, will lecture in Simpson Tabernacle on Wednesday evening, May 23. He keeps his audience constantly laughing and thinking. This is his farewell visit to the Coast. Come and hear him and laugh. Admission to meet the times, 25 cents; few reserved seats, 50 cents, to be had at the Nadeau reading-room.

At the request of several prominent British residents of Southern California, Queen Victoria's birthday will be appropriately celebrated at the Mountain on the Mt. Lowe Railway, Thursday, May 24. Union Jack beside the Stars and Stripes. Good music by Lowinsky's band.

The Los Angeles Naval Reserve met last evening at Arroyo for their regular drill. There was a good attendance, and the members went through the exercises with precision, making a very creditable showing.

Health Officer Powers received a report yesterday of a Chinese slaughter-house just outside the city limits near the Southern California Railway track, which place was stated to be in a very filthy condition. The report was turned over to the health authorities.

PERSONALS.

Robert L. Truesdale of Peoria, Ill., is at the Lincoln.

Louis F. Vetter has returned from a pleasant visit to the Midwinter Fair.

M. W. Stewart of Wilcox, Ariz., a pioneer resident of the territory, is in town on his way back from the Midwinter Fair. Mr. Stewart does not think much of the "Mardi Gras," and will visit the Los Angeles fiesta next year. Mrs. Stewart will stay over in Los Angeles during the summer.

MUSICAL MENTION.

The Philharmonic Orchestra gave its final concert of the season last night at the Grand Opera-house. There was a large audience present and the various selections were well received. It had been stated that if the concert was not given sufficient encouragement by the public it would be the last. The support of last evening was certainly enough to warrant a dismissal of this intention, and was a decided proof of the appreciation in which Mr. Stamm's organization is held by the Los Angeles people. The orchestra was heard to excellent advantage. It was assisted by the Novello Quartette, composed of Miss Grace A. Bacon, soprano; Miss Margaret Messmore, contralto; F. A. Bacon, tenor, and H. S. Williams, baritone, and A. Lowinsky, violinist. Both Mr. Lowinsky and the quartette contributed to the success of the evening.

A. J. Stamm was the director. The programme was:

Overture, "Mendelssohn" aus der Fremde (Mendelssohn)—Orchestra.

Two movements from the unfinished symphony, allegro moderato, andante con moto (Schubert)—Orchestra.

"Bella Primavera"—Orchestra.

"Hungarian Dances," Nos. 1 and 2 (Brahms)—Orchestra.

"Romance" (Svendsen), violin obligato, A. Lowinsky—Orchestra.

Overture, "William Tell" (by request) (Rossini)—Orchestra.

Vocal quartette, "My Love is Like a Red, Red Rose" (Garrett)—Novello Quartette.

"Nibelungen March" (Wagner)—Orchestra.

Died on the Train.

Abraham L. Howes, who for the past two years had been a resident of Pasadena, died on the train at Hutchinson, Kan., May 17, while en route to his home at Bridgeport, Ct. Mr. Howes came to Pasadena for his health two years ago. He gradually failed, however, and his mother and sister, who had come to care for him, started East. On the train at Hutchinson, Kan., he passed away. Mr. Howes was well known as a young man of high honor and marked ability, he having drafted the entire plan of the great Spaulding plant at San Diego. He also had held a very high position in the largest freight firm of coal merchants.

SPANISH DINNER.

Mrs. Modini-Wood of Pearl street gave a Spanish dinner last Thursday evening. The table was beautifully decorated with Mrs. Charles Wood roses. These flowers are a bright red, and the plant on which they were grown was imported from the East. Mrs. Wood looked handsome in a gown of black lace, over yellow satin. Those present were: Mr. and Mrs. J. M. Kempton, Mr. and Mrs. William H. Perry, Mrs. Larrabee, Miss Kempton, and Padham; Messrs. Martin and Fred Perry.

WHIST PARTY.

Mrs. Harley Hamilton and Miss Ferris of West Twenty-first street gave a pleasant whist party in honor of their sister, Miss Grace Ferris of Riverside, last week. The guests were: Misses Barnes, Kirkpatrick, Remick, Blanche Rogers, Messrs. W. M. Edwards, Younglove, Barnes, Gregory Perkins and Harley Hamilton.

NOTES AND PERSONALS.

Miss Sara Apple of this city recently sang for Messrs. Barnabee & McDonald on the stage of the Tremont Theater at Boston, and according to the Gazette of that city, "her charming voice and brilliant execution, as an amateur, won warm approval, and a successful, professional career is predicted for her."

Mr. and Mrs. C. G. Billeke left for the Midwinter Fair Sunday.

Miss Ivy Younger entertained a party of her young friends at her home, No. 619 North Patton street, Saturday, May 19. Mrs. William Younger acted as chaperon and Miss Ivy made a charming hostess. Refreshments were served, after which games were indulged in until a late hour. Those present were: Misses Rachel Weeks, Ella Haskins, Florence Fitch, Marion Mackenzie, Alaine Mackenzie, Pearl Newell, Georgia Swarth and Ivy Younger and Mrs. Harry Knight.

Mr. and Mrs. L. Magnin of San Francisco are visiting with their daughter, Mrs. J. Foyel, preparatory to leaving for an extended trip through the East and Europe.

Street Superintendent D. A. Watson and wife were pleasantly surprised by a number of their friends on Saturday evening last, the eighth anniversary of their marriage, when they gathered at their residence, No. 136 West Jefferson street, and presented Mr. and Mrs. Watson with an elegant parlor lamp. Refreshments were served, and a pleasant evening was spent.

TAUGHT A LESSON.

A Case Where Common Civility Would Have Paid.

A railway coach at one of the beaches on Sunday was nearly full of people when a gentleman entered, accompanied by his wife and daughter. In front of two ladies sat a small boy, sole occupant of a seat. In front of him sat a gentleman, also alone.

"Will you sit with the gentleman and let these ladies have this seat, my little man?" asked the new-comer.

The boy promptly arose and started for the next seat, and his seat and the seat moved along to make room for him.

But one of the ladies in the rear seat reached over, and catching hold of the boy's clothing, detained him.

To the standing passenger she said: "That was my seat. I do not want the boy to leave it." And to the boy: "Sit down, Johnny; I got that seat for you and you need not give it up."

The gentleman went on and found other seats for his ladies; but twenty minutes later, when the train was in motion, he reappeared in the coach wearing the conductor's cap and uniform and taking up tickets.

At the seat with the lone boy in it he asked for a ticket. The boy's mother remonstrated; said he was only 8 years old, and came down without a ticket; that she had no money and thought it was crowding things to insist on fare for so small a boy.

The conductor said but little, but the little man told him. He said he remembered passing the boy without comment on the outgoing train, but that he never threw favors in the way of the humbug hog after he knew its character.

And as he passed on, with an extra coin in his pocket, the passengers without hearing how he had seen the whole transaction, got up in turn and shook his hand and said kind words of him for having the courage of his convictions and for giving the traveling hog one small lesson in common decency.

Dr. Wona's SANITARIUM!

Four years ago my daughter, Virginia Bell, was treated by Dr. Wona for what physicians called hip disease, and had pronounced incurable after treating her for eight years. Dr. Wona's diagnosis was that she was afflicted with one of thirteen forms of cancer. His medicine effected a permanent cure in seven months time. Two years ago my grandson became blind in one eye. Dr. Wona restored his sight in three weeks time. A LASSWELL, Savannah, Cal.

After I had been treated eleven years by six different doctors, for consumption, and they had stated that I couldn't live two months, I took Dr. Wona's medicine and was cured in seven months. I enjoy excellent health and weigh 170 pounds.
